RE: Discharge Monitoring Reports

Dear Mr. Pollastro:

*ding e/015/009
Copy e/015/017
e/015/018
e/015/019*

A review of your facility's Discharge Monitoring Reports (DMRs) for 2001 seems to indicate that deadlines required by your Utah Pollution Discharge Elimination System (UPDES) permit were missed five times last year. Please note that your UPDES permit requires that, *"Monitoring results obtained during the previous month shall be summarized for each month and reported on a Discharge Monitoring Report Form (EPA No. 3320-1), post-marked no later than the 28th day of the month following the completed reporting period"*. Also note that if no discharge occurs during a reporting period, "no discharge" must still be indicated on the DMR form and must also be sent in as required above.

As the new year is already underway, please make a renewed effort to submit these reports on time, as they will be reviewed with increased scrutiny for timeliness, completeness and accuracy. If you have any questions regarding this matter, please feel free to contact me at (801) 538-6628.

Sincerely,

Chris Imbrogno
